# Prof Henry W. Lim

**ILDS President 2023 - 2027**

Dear colleagues,

It is our great pleasure to invite you to collaborate with the International League of Dermatological Societies (ILDS) by participating in and generously sponsoring the upcoming 4th ILDS World Skin Summit (WSS) on 23 - 25 October 2025.

ILDS' growing membership of 205 organisations from over 100 countries around the world will be represented at the Summit by their Presidents and Officers, thereby bringing together a highly influential, skilled and exclusive audience.

The 3rd ILDS World Skin Summit, held in 2022, attracted 119 delegates from 47 organisations representing 39 countries. Dermatology leaders representing various subspecialties of dermatology and geographic regions attended the event to identify and set common goals for skin health. [The report of the 3rd ILDS WSS can be found here](#) or by scanning the QR code on the right.

An aerial photograph of Cape Town, South Africa, taken during the day. The image shows the city's coastline, the harbor, and the surrounding mountains. The most prominent feature is Table Mountain, a large, flat-topped mountain that dominates the background. To the right of Table Mountain, the Lion's Head mountain is visible. The city of Cape Town is spread across the coastal plain, with various buildings, roads, and green spaces. The harbor is filled with ships and boats, and a large stadium is visible on the right side of the image. The sky is a clear blue with some light clouds.

# Opportunities

Supporting the Summit provides an opportunity to:

- Engage with dermatology leaders from around the world in addressing challenges in global skin health
- Visibly demonstrate the value that your organisation places on supporting and building alliances with dermatologists worldwide
- Enable the ILDS to provide a bursary scheme to support the participation of dermatologists from low- and middle-income countries that would not otherwise be able to attend

We hope that the sponsorship opportunities presented here are of interest to you and look forward to strengthening our collaboration.

4TH ILDS WORLD SKIN SUMMIT | 23 - 25 OCTOBER 2025

## “What participants said about WSS 2022

“The meeting has been fantastic, the key thing is that you can see the collaboration between countries and colleagues and really the vibrant discussions that are ongoing in the meeting. I am really pleased to hear about possible contributions that we make from the UK particularly with the British Association of Dermatologists – there are lots of areas to really go away and reflect on how we can contribute to the worldwide education of dermatologist for the benefit of all of our patients. Skin Health for the world – we have to have big aspirations to be able to change things for the better of the world to improve global health and particularly for global health dermatology. I think we all need to work together and collaborate to achieve those aims.”

## 4th ILDS World Skin Summit: Making Treatment Accessible and Affordable Worldwide

The ILDS World Skin Summit (WSS) in 2025 is an opportunity for the ILDS and the wider dermatological community to join together to explore actions to improve access to skin health. We will share how the outcomes of the previous Summit, in Peru, has informed our 2024 – 2027 strategy and how we will work towards our vision of Skin Health for the World.

The 4th ILDS WSS will focus on **access to treatment and its costs on a global scale**, assessing the current issues our colleagues are facing and sharing successes and improvements to facilitate meaningful discussion. Through these interactions, we will **develop a joint strategy** in which the ILDS, alongside its Members and Partners, will play a leading role. Through prioritising education, shaping health policies, fostering knowledge exchange, and driving innovation, we will commit to improving the accessibility and affordability of treatment, ultimately advancing global skin health.
